Profile

Mobile Application Developer with 4+ years of experience in **cross-platform mobile application development (Android & iOS)** using Flutter, Dart, Firebase, REST APIs, and GraphQL. Specialized in Fintech, E-commerce, and API integrations. Skilled in **mobile architecture design**, performance optimization, reliability, troubleshooting, and debugging. Experienced in mentoring junior developers and fostering a collaborative, developer-friendly environment. Proficient in state management (BLoC, Provider, Riverpod), clean architecture, and Agile Scrum collaboration. Focused on delivering scalable, secure, and user-friendly applications.

Core Competencies

Flutter | Dart | Android | iOS | Firebase | REST APIs | GraphQL | CI/CD | Agile Scrum | Cross-Platform Mobile Development | API Integration | Google Cloud

Professional Experience

Neurealm (Formerly GS Lab | GAVS)

Flutter Developer / Mobile App Developer

www.neurealm.com

Aug 2023 – Present

- Delivered UPI AutoPay for recurring transactions with 100% compliance to NPCI guidelines.
- Implemented UPI Intent & Collect flows across multiple banking providers, increasing in-app payment adoption.
- Improved transaction workflows and API caching, boosting overall app performance by 30% and reliability.
- Integrated BBPS APIs (electricity, water, DTH, telecom) to expand bill-pay capabilities and drive engagement.
- Enabled auto-fetch of bill details via registered mobile numbers, reducing user input effort by 40%.
- Mentored junior developers in Flutter best practices, debugging, and clean architecture principles.
- Active contributor to Agile Scrum ceremonies: sprint planning, daily stand-ups, reviews, retrospectives.
- Collaborated with backend teams for seamless **API integration** and performance improvements, including GraphQL endpoints.

Novac Technology Solutions

Flutter Developer / Cross-Platform Developer

www.novactech.com

Jul 2021 – Jul 2023

- Built a feature-rich E-commerce automobile platform with secure payments and real-time inventory tracking, improving customer engagement by 25%.
- Designed and implemented responsive **cross-platform mobile UI/UX** in Flutter for Android & iOS.
- Enhanced scalability, reliability, and performance via optimized backend integrations and clean architecture.
- Participated in Agile Scrum processes including backlog grooming, sprint planning, and retrospectives.
- Implemented **CI/CD pipelines** (GitHub Actions, Jenkins) with automated testing & deployment, reducing release cycle time by 20%.
- Led troubleshooting sessions to resolve production issues quickly and improve system stability.

Technical Skills

- **Languages:** Dart, Kotlin, Swift
- **Frameworks & Platforms:** Flutter, Android SDK, iOS SDK, Cross-Platform Mobile Development
- **State Management & Architecture:** BLoC, Provider, Riverpod, GetX, MVVM, Clean Architecture, Repository Pattern, Dependency Injection, SOLID Principles
- **UI/UX & Tools:** Material Design, Cupertino Widgets, Responsive Design, Custom Animations, Google Maps, Android Studio, VS Code, Xcode
- **APIs & Networking:** REST API, GraphQL, Firebase APIs, Third-Party SDKs Integration
- **Cloud & Services:** Firebase (Authentication, Firestore, Realtime Database, Crashlytics, Performance Monitoring, Cloud Functions), Google Cloud
- **Databases:** SQLite, Hive, SharedPreferences
- **Testing:** Unit Testing, Widget Testing, Integration (End-to-End), Mockito
- **CI/CD & Deployment:** Git, GitHub Actions, Jenkins, Play Store Deployment, Continuous Integration / Deployment
- **Agile Practices:** Agile Scrum Methodology (Sprint Planning, Daily Stand-ups, Reviews, Retrospectives)
- **Other Skills:** Troubleshooting, Debugging, Reliability Engineering, Mentoring, Developer-Friendly Collaboration

Education

Bachelor of Technology in Information Technology, University College of Engineering, Villupuram 2016 – 2020
CGPA: 6.86/10

Awards & Recognition

Star Performer of the Quarter *Neurealm (Formerly GS Lab / GAVS), Q2 2024*
Recognized for delivering UPI AutoPay and BBPS integrations, improving app performance and customer experience.

ABCD EDGE Award *Aditya Birla Capital Digital, Sep 2024*
Honored for fintech innovations including UPI-Lite Auto-Topup and Delegate Payments, enabling secure and seamless digital transactions.

Languages

Fluent in English and Tamil
